

A Tuscan Wedding up to 40 Guests

One week self-catering accommodation in historic and charming Tuscan villa for 40 guests. Located on a hilltop nearby the bustling city of Volterra, this property offers its lucky guests a fantastic view over the rolling hills of the adjacent countryside as it wends its way to the sea. The majestic structure was commissioned in the 17th century by Jacopo Inghirami, an admiral in the Tuscan navy, and designed by the architect Gherardo Silvani. The property's current owner is a well-known film producer, and since he acquired the villa, it has rediscovered its vocation as a center of Italian art and culture, playing host to many a famous name in the Italian and international movie business. While

still retaining its antique, historic charm, the estate's interior has been fully transformed to include some decidedly modern luxuries, such as a roulette room, TV room with satellite and DVD, a fully equipped movie theater, sauna and billiard room. In total, Villa Volterra's sumptuous interior can comfortably accommodate approximately 40 guests overnight. The villa is surrounded by a magnificent garden, dotted with centuries-old trees and extending out over seven and a half acres. Also available for outdoor enjoyment are the swimming pool and furnished patio, pool bar and spacious barbecue area. Rental is Tuesday-Tuesday, thereby enabling you to plan a Saturday wedding, if you so desire.
